# Investment Analyst Internship

Cube Infrastructure Managers ("**Cube**") is a European mid-market buy-and-growth infrastructure fund manager founded in 2007 and fully owned by its management. The fund is based in Luxembourg and has an office in Paris.

We partner with entrepreneurs and managers who provide essential services to local communities to support them in the transformation of their companies. Historically Cube has been a pioneer in infrastructure investments and was one of the first funds to invest in new infrastructure-type sectors such as public transport, district heating, fiber and EV charging.

Cube has raised € 4.3bn to date from its blue chip and geographically diverse investor base across 3 flagship brownfield funds (Cube Infrastructure Fund I, II and III) and one greenfield specialized fund (CEBF) and three main sectors (Energy Transition, Telecoms & Digital Infrastructure, Transport & Environment).

Cube´s team comprises 60+ professionals representing more than 20 nationalities and is committed to fostering an inclusive and diverse culture across its organization.

In the context of its growth, Cube is looking for two interns to join one of the following investment teams:

- **Transport & Environment Team**. Recent investments include assets in public transport, municipal waste collection and temperature-controlled logistics
- **Telecoms & Digital Infrastructure Team.** Recent investments include assets in fiber networks, data centers, and Internet of Things (IoT) infrastructure

## 1. Your key responsibilities

- Contribution to portfolio management:
  - Interactions with management and monitoring financial and operational performance
  - Participating in the analysis and monitoring of growth projects (tenders, build-ups, refinancing, etc.)
  - Periodic reporting to Cube's Assets Management Committee and investors
- Involvement in all stages of the investment process:
  - Analysis and presentation of new investment opportunities (countries, sectors)
  - Financial analysis, financial modelling and valuation, due diligence process
  - Drafting of internal committee notes and presentations
- Opportunity to work in a wide array of sectors and gain high visibility thanks to the lean nature of the teams

## 2. Your profile

- Prior experience in private equity, M&A/Investment Banking, Project Finance or Corporate Finance is preferred
- Outstanding academic records from a leading business school, university or engineering school
- Solid analytical and reasoning skills and knowledge of accounting and corporate finance concepts
- Advanced skills in Excel, Word and PowerPoint. Financial modelling skills and capacity to effectively leverage AI tools and prompt techniques would be a strong plus
- Team player with strong interpersonal skills
- Fluency in English is required. Fluency in another European language is a plus

## 3. Location, period, allowance and application

- The internship is for a period of 6 months in Paris or Luxembourg starting in January or February 2027
- The internship offers a monthly gross allowance of €2,495 in Luxembourg and €2,200 in Paris
- Applicants must be enrolled in a program at an accredited university or higher education institution that can enter into an internship agreement with Cube
- In order to apply, please send your CV to intern-recruitment@cubeim.com
